A note from Miss Tash

Welcome!

Thank you so much for considering Jigsaw Dance as a place for your child to learn, grow and gain confidence.

We are so thrilled to welcome you into our studio and cannot wait to see the beautiful journey that your dancer goes on as they build beautiful friendships that last a life time and blossom in confidence, all whilst developing a love & passion for dance.

We are passionate about delivering a wonderful experience to every single child, through a positive, nurturing and non-competitive dance environment. Your child will feel special and welcomed as we take them on a beautiful journey that will fill them with so much confidence and leave them feeling empowered to dream and have a life-long love of dance that will see them through other aspects of their life.

Of course, if you have any questions along the way or want to have a chat to find the perfect class for you and your child, you are more than welcome to get in touch with me and I would be more than happy to help.

Exciting new things for 2020

Brand New Kindy Classes

Starting big school can be a tiring process, but with our brand new 40 minute combo class which incorporates Ballet, Jazz & Mini Yoga Meditation techniques; your little one can get the creative & social outlet they need without compromising their energy!

Mini Gems on a Whole New Level!

Incorporating the beautiful and imaginative elements of our much loved Ballet class as well as the high energy gross motor skills seen in our Jazz classes; this 40 minute combo will give preschoolers a chance to experience all the different styles that dance has to offer. Our parents will love the 5 minute feedback sessions after each class too!

Expanded Saturday Classes

Saturday is a SUPER popular day especially for our preschoolers and every single year, these classes reach capacity. This is why we have created many new classes to cater for our wonderful families and allow new students to join as well.

Classes on offer for 2020

Classes in 2019 thrived and as such I have created several new classes into our timetable in order to allow more space for new enrolments and to keep class sizes capped. Students are not placed in classes based primarily on their age, but experience, ability and friends are important factors that can determine what class is best suited for them.
